ART & DESIGN FOR COLLEGE

Introduction Pack

DESIGN
DESIGN

OUR TEACHING METHOD

To provide a holistic, skills building experience
ready for working within the creative industry

A Level

Personal Investigation

This unit helps develop your skills in your subject specialism.

Year 1

Personal Investigation

This unit helps further develop your skills by exploring a topic of your choice, with a related study.

Year 2

Externally Set Task

For your final unit, you will plan, prepare and complete a practical exam, using a theme set by the examining body.

YOUR SKILLS PERSONAL SKILLS

You will develop a wide range of transferable skills delivered by our specialist teachers. These skills will grow, develop and be refined over the duration of the course.

SOCIAL SKILLS

Your confidence and presentation skills will improve massively. You will be able to prepare and talk about your work professionally and exhibit in an exhibition space at the end of year.

SUMMER TASK

We need your help to create a brand new 'Burnley Wall'. We are taking inspiration from the Berlin wall murals and celebrating the talents of our Art & Design students.

We want it to reflect what Art means to you, your interests and your individual drawing style (not copied from google!).

We want you to design something to fit an A2 size space (42 x 60cm).

*No offensive messages can be present as part of your art piece.
